

LANDSCAPE STYLES

THERE ARE DEFINING LANDSCAPE STYLES WE NEED TO REFERENCE WHEN PLANNING A LANDSCAPE. WE ARE RARELY ONE STYLE BUT RATHER A COMBINATION OF A FEW. WE ALL HAVE PARTICULAR STYLES WE REFER TO AND FOR THIS SEASON AS A BENCHMARK I HAVE DEFINED FOUR.

NATURAL: COMPLETE RESPECT TO NATURE, CURVILINEAR, FREE AND EASY

TRADITIONAL : A NEW PROFESSIONAL SPIN ON THE STANDARD LANDSCAPE THAT ATTEMPTS TO RESPECT THE ARCHITECTURE OF YOUR HOME AND IT'S SURROUNDING NEIGHBOURHOOD.

FORMAL: CLEAN LINES, WELL KEPT, AS THE FORMAL ENTRY AND FRONT ROOM OR LIVING ROOM IN YOUR HOUSE. THIS CLEARLY DEMONSTRATES DUTY OF CARE AND PRIDE OF OWNERSHIP.

CONTEMPORARY: MINIMALIST, PLANTS AND PATTERNS THAT CLEARLY REPEAT THEMSELVES WITH A CRISP CLEAN LOOK. INSPIRATION FOR ME IS FROM THE GARDENS OF THE MID-CENTURY

Typically we steal from a combination of styles, there are many more to inspire my design work, inspire me. There are "economy package" examples here of a simple front landscape at an entry level price point.
